

TD10

20 million life time servo flap turnstile

Technical parameter

Power supply: AC220V±10%V 50HZ.

Working temperature: -25°C ~ 70°C

Relative humidity: ≤90%, non-condensing

Motor:servo motor

controller:servo controller

open/close time :0.5s

MCBF:20 million life time

operate noise: <60dB

warranty:3 years

* The appearance of the chassis can be customized according to requirements
