

Technical parameter

Type:full height turnstile
Lane quantity:double lane
automation:semi automatic,without motor
material:304 stainless steel
passage width:550mm
open door signal:relay from access controller
LED direction light:green and red
working environment:-25 to 70
relative humidity,90% no condensation
input voltage:100-240V.50/60Hz
application scenarios:stadium,construction site,prison and other high security places

* The appearance of the chassis can be customized according to requirements
